Dear Parents / Carers,

Thank you for attending your parents evening appointments at the end of last term. The children talk excitedly about you coming to school to talk to their class teacher and see their work.

We are delighted to share our October 2023 parent questionnaire results with you.

70% of our school parent/carers community completed the survey. Well done to the lucky winners of the chocolate hamper. Thank you also for the wonderful comments below. Positive feedback to staff has a positive impact on our school.

100% of responses said their child is safe and happy in school. We are very proud of this.

98% of responses agree, or strongly agree, that their child is happy in school and the school make sure its pupils are well behaved and would recommend school to others. Thank you, we are very proud of school too. We have received many more potential parents requesting a visit for places in our Reception class for 2024.

97% agree or strongly agree that school makes parents/carers aware of what children will learn; feel that their child does well at this school and that school lets parents know how well they are doing with a good range of subjects being available.

95% agree or strongly agree that school supports their child's wider personal development.

Following pupil voice, we have increased our enrichment offer with more wide-ranging club choices available at lunchtime and after school. Our well attended NHS Compass workshops available this term have supported many of you with managing some challenging behaviours at home.

84% of responses said they had no concerns about bullying and their child had not been bullied. Of the remaining 16%, the response was that if they had raised concerns with the school, they had been dealt with quickly and effectively.

Of the 8% who said their child had SEND support, 84% of responses said that school gives their child all the support they need to succeed. 17% were unsure of support available. We are working hard to ensure all parents know targets set for their child and how they are planned to be achieved through their child's SEND Learning Plan.

Additional comments from parents to share with you ...

"Thank you for being a fantastic school and support to my child."

"Thanks for treating children as individuals and promoting kindness and manners."

"Feel really grateful for the staff here in nursery who have made the transition from home into school education a joy for both my child and I. They have been so warm and kind and it makes such a difference to me knowing he is happy here. Thank you."

"I'm really pleased with all the extra music and sports Long Row offers both my children, thank you."

"Keep up the good work, both our children love school."

"Our child has just moved schools, such a happy, different, relaxed child she has become. Really happy with the school first day came out with a massive smile!"

"The school have looked after our family very well."

"Thank you"

"We're very grateful for the changes in school over the last couple of years, more emphasis on belonging, community, sport and well-being. Thank you for your hard work."

"Very happy."

"Wonderful school and great staff."

"You are all doing an amazing job."

We continue to listen and as we work together we aim to further improve our wonderful school. Some of you tell us you get too much communication, some too little and some of you say it's too duplicated. We will continue to see how we can streamline further our communications to you – at the same time as balancing to make sure all our families get the news they need.

We will be contacting families in the coming weeks following up on any additional comments or where you have offered to be further involved in school life. Thank you.

Thank you for your continuing support.
