

Long Row Primary and Nursery School

Please read some of the annual report feedback from our parents.

'I loved reading my daughter's report, to read the words and fully imagine her within the text is just what I love.'

'Our daughter has had a great time in year 3. Her report is excellent and this reflects how happy she is.'

'We are very pleased and proud to read such a wonderful report. It is great to see how his strengths really shine through at school, and match with what we see at home. He loves learning and strides into school each morning without a second glance. We cannot wait to see him continue to thrive at Long Row. Thank you to all the staff for your hard work and effort, it truly is seen and appreciated.'

'We are very proud of our son's report and the progress he has made over Year 2.'

'Thank you for supporting our son through his year 5 journey. He has achieved so much with your support, patience and understanding. We got a real sense of his personality as we read through the report, this is a reflection of how well you know him. We are proud of his many successes.'

'We are really happy with her first year. Excellent work! She had come on sooooo much!'

'It's been so lovely to read about our daughter's journey this year. She has absolutely loved being in your class and you have been such a strong role model for her. Thank you so much for your care, support, encouragement and for making this such a positive year.'

'Thank you to the school, the headteacher and the teachers for the invaluable work you do every day for our daughter. We really appreciate it.'

Thank you for your support

The staff at Long Row would like to thank all parents for their positive feedback and we look forward to continuing to support every child's learning journey through their time at our school.
